HUSHTEC ACOUSTIC TENT

Discover the Future of Noise Control: Hushtec Acoustic Tents

Unleash the power of mobility and flexibility with Hushtec's revolutionary Acoustic Tents. Designed to transform noisy environments into serene retreats, these portable wonders offer an unparalleled sound-absorbing solution for a wide range of applications.

With their ability to reduce noise both inside and outside the tent, they are the ultimate answer to conquering noise restrictions and embracing the productivity of your employees..

Unparalleled Performance for Construction and Manufacturing

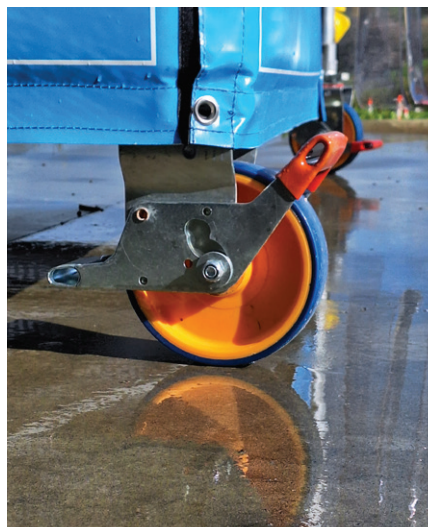

Hushtec's Acoustic Tents provide the perfect remedy for excessive noise generated by construction equipment and manufacturing machinery.

Portability Redefined

Easy to set up and dismantle, these tents allow you to bring serenity to any location, granting you the flexibility to conquer noise challenges wherever they arise.

Customization with Impact

Not only are they portable and efficient, but they also offer full customization options. Personalize your tents with your branding and messaging, elevating your presence and leaving a lasting impact.

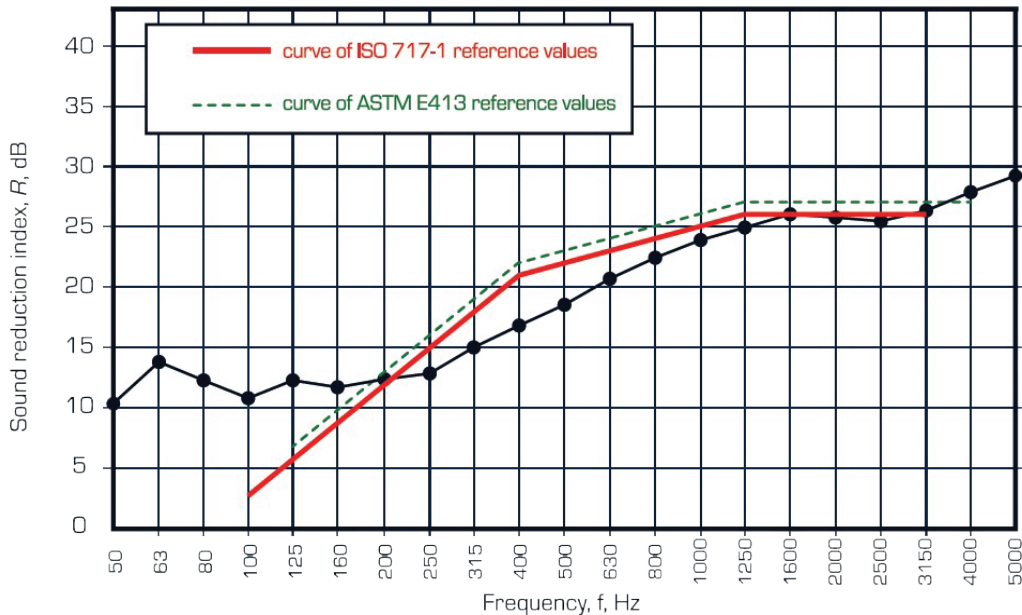

OPTIMAL NOISE REDUCTION

The effectiveness of noise mitigation provided by the Acoustic tent can vary based on the specific noise control barrier employed for the walling. Our barriers effectively absorb sound, resulting in a reduction of noise ranging from 30 dB to 34 dB.

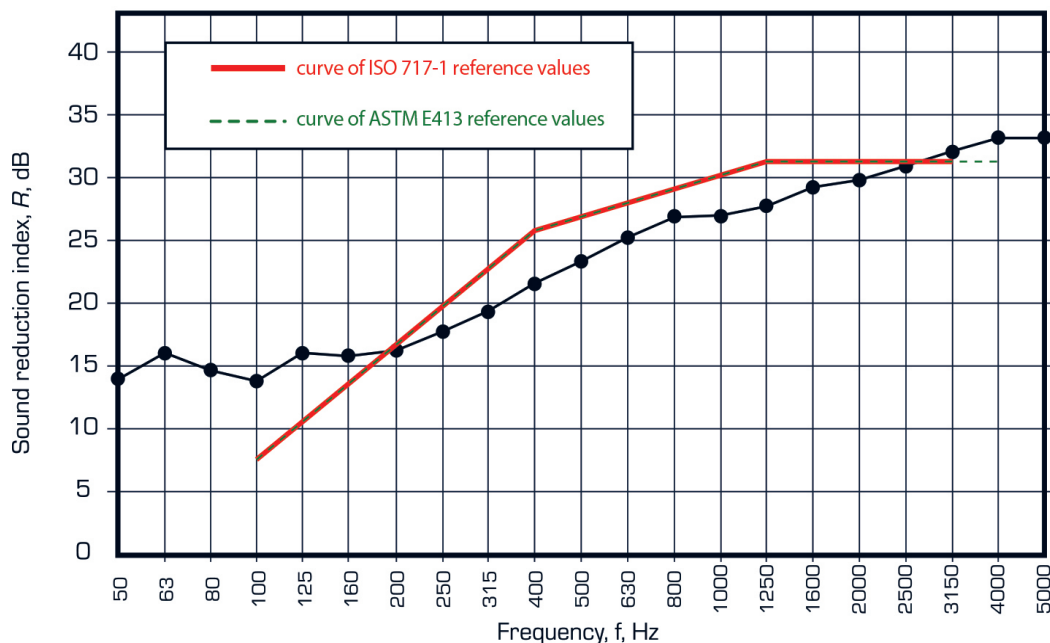

Presented below is the test data corresponding to each barrier option.

PERFORMANCE SERIES NOISE BARRIER

Our Noise Control Barriers also minimise dust, and they can double as temporary fencing, we also offer extensive customisation capabilities, from customising the size and shape of your solution, to applying your branding and logo.

PREMIUM SERIES NOISE BARRIER

Cutting-Edge Sound Absorption Technologies

Our commitment to creating safe and productive environments is unwavering. That's why our Acoustic Tents employ innovative sound absorption technologies that not only control noise outside the tent but also prevent sound from echoing within. Say goodbye to disruptive noise distractions and hello to a harmonious workspace where productivity thrives.

Explore the limitless possibilities of productivity and tranquility with Hushtec Acoustic Tents today.

HUSHTEC®

Your global leader in the development and manufacturing of noise control solutions and technologies.
