## PREMIUM NOISE CONTROL BARRIER

SILENCE THAT SPEAKS VOLUMES 

[hushtecsolutions.com](https://www.hushtecsolutions.com)

# H PREMIUM SERIES NOISE BARRIER

Hushtec Premium Noise Barriers were designed to offer superior performance compared to any other portable noise barriers on the market.

Manufactured from a combination of noise barrier and absorption materials, the Hushtec Premium Barriers provide the market-leading solution for noise mitigation on high-profile worksites, such as light rail projects and inner city developments, where construction works must continue in densely populated areas.

Up to 34dB noise reduction

100% customizable, any size, shape & colour

Weatherproof, for outdoor and indoor use

Velcro connected for minimal noise leakage

Tensioned eyelets for added install points

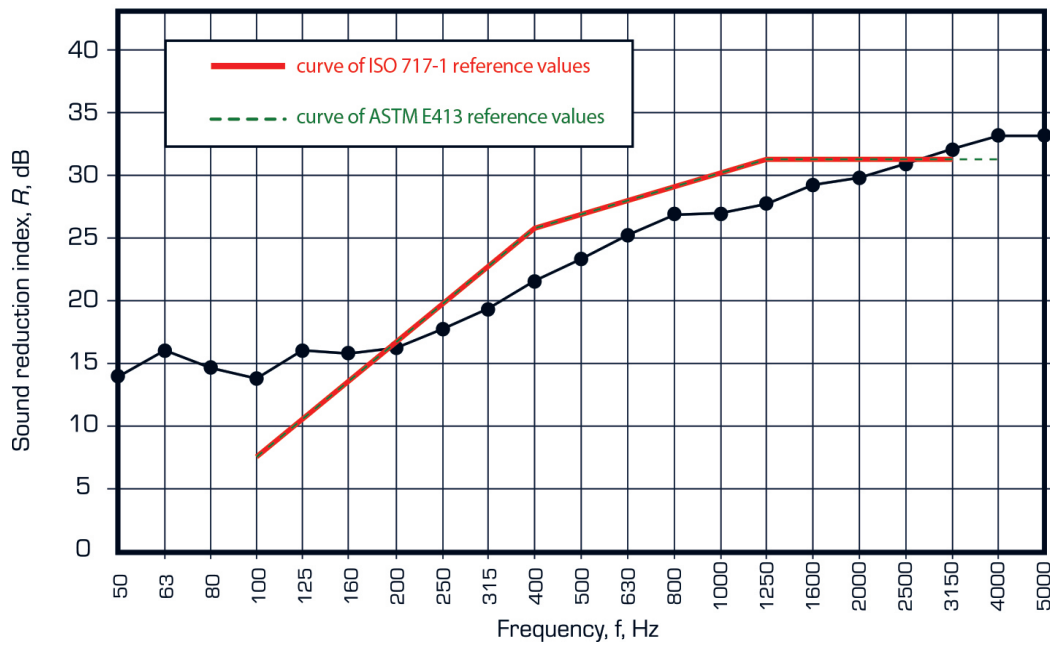

Standard size: 2m tall x 1.3m wide  
(ideal for temp fence panels and scaffold)

You can also choose from different weight ratings to meet the requirements of your project. Our standard panels are 6.5kg m<sup>2</sup>, delivering excellent noise reducing levels of performance.

However, for higher levels of noise reduction, **we also offer 8kg, 10kg, 12kg, and 14kg m<sup>2</sup> panels.**

# QUIETLY MAKING THE WORLD A BETTER PLACE

## OPTIMAL NOISE REDUCTION

Our state-of-the-art barriers absorb up to 90% of sound and reduce noise by a whopping 34dB! Invest in Hushtec's durable and versatile noise solutions, suitable for both indoor and outdoor use, not only do you get a quieter environment, but you also get unlimited branding opportunities for your site and brand.

They are also used extensively at entertainment venues and other locations where the control of noise is important.

# HUSHTEC®

Your global leader in the development and manufacturing of noise control solutions and technologies.
